TOTAL, all counties

74,627,517

* This amount represents the funding allocated for the service area; however the distribution and expenditure of the funding is pending departmental determination of the capacity of the designated service provider.

NOTES:

1) The ARRA requires that 99% of the funds be distributed to eligible entities; therefore the 99% breakdown of ARRA funds is prorated based on the regular 90% CSBG breakdown (CAA=76.1%, MSFW=10% & NAI=3.9%) as follows: CAA=83.7%, MSFW=11.0% & NAI=4.3%

2) Per the ARRA, CSD set-aside the remaining 1% of the ARRA funds for benefits enrollment coordination

3) Per the ARRA, there are no Administration or Discretionary funds available to CSD

4) Per Government Code Section 12759, once funding increases enough to allow all agencies to reach their target allocation point, any remaining funds are to be distributed by poverty population using the most recent decennial census. Since the target allocation point is achieved this year under regular funding, we are no longer funding any agency based on notions of minimum funding.

3) Per the ARRA, there are no Administration or Discretionary funds available to CSD

4) The NAI funds are distributed using the most recent decennial census data only -- No core or minimum funding included. Also, the Quechan Tribe is receiving ARRA funds directly from the federal government, and therefore are not included in this NAI allocation.

5) The MSFW funds are distributed using normal percentages -- including La Cooperativa's redirected portion

6) Any agency that normally receives some or all of their allocation from Discretionary funds will not receive that share under ARRA since no Discretionary funds are available
